**Product Feature**

These Short Arm Soft Closing Cup Hinges are a great choice for installing on your custom made cabinet doors! The installation process is simple and fast! The structure of this cup hinge is very interesting in that the hinge actually has a small "strut" built in that controls the speed and force in which the doors close. They give a cheap cabinet system a higher end feel. Furthermore, the hinges are drop in replacements for most of cheap cabinets. You will find it's really worth the money when you buy these great quality cup hinges. Welcome to contact us to get the free samples for quality checking.
